

Invitation

Group Leaders' Meeting – the Thoracic Alliance for Cancer Trials (TACT)

6th September, 2015

8.30-11.00 am

Colorado Convention Center, Meeting Room Level, Room 205+207

Dear colleagues

On behalf of the steering committee I am pleased to invite you to a meeting of leaders and representatives of groups involved in thoracic oncology clinical research to discuss the initiative to form an international collaboration. The establishment of the Thoracic Alliance for Cancer Trials (TACT) will be formally announced at this meeting and information regarding the TACT mission, structure, governance and membership policy will be presented.

In line with our goal to enhance thoracic oncology research, we are also inviting groups with active trials or proposals that may benefit from an international collaborative effort to present at this meeting. A template to facilitate the discussion has been prepared and is provided for your reference.

We would be very grateful if you would confirm your attendance to Rosalind Wilson, the TACT Development Officer at Rosalind@lungfoundation.com.au by **Monday, August 24th**.

We look forward to seeing you in Denver.

Yours sincerely

Paul Mitchell
